⁵“150% Graduates” is the number of students who completed within 150% of the program length (and includes on-time graduates).

⁶“150% Completion Rate” is the number of students who completed the program in the reported calendar year within 150% of the published program length, including on-time graduates, divided by the number of students available for graduation.

⁷“Graduates Available for Employment” means the number of graduates minus the number of graduates unavailable for employment.

⁸“Graduates Unavailable for Employment” means the graduates who, after graduation, die, become incarcerated, are called to active military duty, and are international students that leave the United States or do not have an employment visa in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

⁹“Graduates Employed in the Field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable education program.

¹⁰“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

¹¹“Salary” is as reported by student/graduate or graduate’s employer.

¹²“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts the school was not able to obtain salary information.
